To the Tibbs Paving Team,

We would like to formally thank you for a job well done. After receiving many quotes, we selected Tibbs and could not be happier. From start to finish, the project went well. The sales staff worked with us to come up with a plan and the service team executed it. They took special care of the property and completed the work using quality materials and equipment.

We look forward to working with the folks at Tibbs Paving for all future projects and would gladly recommend them to anyone in need of their services.

Again, thank you for a job well done.

All the best,

Keith Whetzel

Vice President

KCL Services Inc d/b/a
